AMENDMENT UNDER 37 C.F.R. §1.312

C6
155. The method of claim 143, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C7
170. The method of claim 158, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C8
185. The method of claim 173, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C9
200. The method of claim 188, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C10
215. The method of claim 203, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C11
230. The method of claim 218, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal

communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C12

245. The method of claim 233, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C13

260. The method of claim 248, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C14

275. The method of claim 263, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C15

290. The method of claim 278, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C16

305. The method of claim 293, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C17
320. The method of claim 308, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C18
335. The method of claim 323, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C19
350. The method of claim 338, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C20
365. The method of claim 353, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C21
380. The method of claim 368, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal communicator, wireless personal communicator, personal information communicator, personal digital assistant, information appliance, and system controller.

C22
395. The method of claim 383, wherein the user station comprises at least one of a computer, cable television controller, video game player, information kiosk, wired personal
